3RS INTEGRATING 3 WORLDS:
Human, Animal and Environmental Health

Invitation from Professors Octavio Presgrave, Chantra Eskes and Marize Valadares,

As chairs of the Local Organizing Committee, it is our pleasure to invite you to be part of the 2025 World Congress on Alternatives and Animals in the Life Sciences (WC13), which will be held on 31st September to 4th August 2025 in Rio de Janeiro, Brazil.

World Congress series have been showing a growing interest from scientists, regulators and policymakers in the field of alternatives. Experts from various business sectors, including Pharma, Biologicals, Food, Cosmetics and Chemicals, were also in attendance, as the congress provides an opportunity to network and engage on novel approaches and technologies.

This is your opportunity to be part of this unique, innovative and excellent world congress. The theme of this congress is "3Rs integrating 3 Worlds: Human, Animal and Environmental Health" which is in accordance with the One Health principle of the World Health Organization and shows the need of thinking about the use of 3Rs in different areas.

WC13 promises to attract leading scientists and decision makers from all over the world. We will provide a multidisciplinary program ranging from more traditional themes such as Replacement, Reduction and Refinement (3Rs) of animal use in life sciences, safety assessment to the very latest developments, education and novel technologies for studying disease mechanisms in non-animal models. The ethical aspects of animal use in life sciences will also be part of the program. This congress will provide an excellent opportunity for you to engage with an international audience of more than 1,000 scientists, policymakers and innovators in the fields of The Three Rs. It also provides you with the perfect stage to present your latest innovations to the most relevant user groups in the field.

The congress will take place in the Riocentro Convention Centre. The exhibition area, combined with the poster and break areas will be strategically placed to provide you with maximum visibility.

We hope that you are as enthusiastic about WC13 as we are! We look forward to seeing you in Rio de Janeiro, Brazil, in 2025!

Octavio Presgrave (chair), Chantra Eskes (co-chair) and Marize Valadares (co-chair) on behalf of the organizing committee
WHY SPONSOR?

A Strong Presence at WC13 = Return on Investment!

Reasons why your Business should be sponsoring

Put Your Business in the Spotlight
Having a presence at our congress positions you and your business as an authority in your industry. You gain respect and credibility by standing out from the pack of attendees and prominently displaying your products and marketing materials. Instead of just attending the event and looking for people to share your business card with, sponsorship brings attendees who are eager to find out about your business directly to you.

Get in front of your Target Market
The WC13 organizers are spending time and money marketing the WC13 Congress to your target audience, bringing these attendees into the room. Your job is to come prepared to take full advantage of this opportunity by making sure you create eye-catching, professional signs, marketing materials and product displays that draw attendees to you.

Lead Generation and New Contacts
Be sure to have some sort of lead generation system in place during the days of the WC13 Congress. People will give up business cards and email addresses in exchange for a chance to win a great prize in a draw, samples or even chocolates and other promotional item giveaways.

Get Your Brand Noticed
Being featured in the program book of the WC13 Congress and on the website with your logo are both great ways to leverage your sponsorship and get brand recognition.

New Clients, New Customers, New Business
Not only are the attendees of the WC13 Congress potential new clients and customers, so are your fellow sponsors and vendors! You can form new business partnerships, meet like-minded business professionals in complimentary businesses with which you share the same target market but are not in competition.

Give attendees a “taste” of your business
Bringing samples to the WC13 Congress as giveaways is a terrific way to capture the attention of attendees. Be creative and think of out-of-the-box ways to stand out. By sharing a sample or trial offer of your product, you engage attendees and increase your chances of turning them into new customers.

Market Your Business Inexpensively
We all know how much advertising your business can cost. It can run into a thousand dollars or more to place an ad in a well-known local publication that will appear only once! Spending that same amount or less as a sponsor or vendor at WC13 Congress is a much wiser investment that will bring a greater return on investment. Remember, you will be in the same room with hundreds of attendees who are your target market. By leveraging the WC13 Congress to your advantage, there will be no limit on your potential ROI.
WHAT IS WC13?

WC13 stands for “13th World Congress on Alternatives and Animal Use in the Life Sciences 2025”. The Alternative Congress Trust (ACT) in Baltimore, MD, USA in 1993 launched the first in a series of world congresses, to be hosted by various countries at two or three year intervals. Over the years, subsequent World Congresses (WCs) have been organized in Utrecht (The Netherlands), Bologna (Italy), New Orleans (USA), Berlin (Germany), Tokyo (Japan), Rome (Italy), Montreal (Canada), Prague (Czech Republic), Seattle (USA), Maastricht (The Netherlands) and Niagara Falls (Canada). The 13th World Congress will be held in Rio de Janeiro (Brazil) in 2025.

Join us for a comprehensive program that covers both traditional themes and cutting-edge developments in the field of alternatives to animal testing. Our multidisciplinary approach ensures a wide range of topics relevant to the 3Rs (Replacement, Reduction, and Refinement).

**Engaging with Key Stakeholders**
We are committed to engaging various specialty groups and stakeholders, including EU Platforms and Centers, global 3Rs centers, FRAME, InterNiche, animal NGOs, ICCVAM, JACVAM, AN-ZCCART, and CCAC. Their input and ideas will help shape the program content and speaker lineup.

**Program Highlights**
The program features keynote lectures by leading scientists from diverse disciplines, offering visionary insights during plenary sessions. Additionally, attendees can participate in symposia, thematic workshops and poster sessions, all designed to promote continuing education, training and networking opportunities.

**CONGRESS THEME**

3Rs Integrating 3 Worlds: Human, Animal and Environmental Health

**Educational Sessions**
Our sessions cater to a wide audience, from those new to the field to experienced professionals. Participants can explore new approaches and techniques or delve deeper into specific topics within alternatives and animal use in the Life Sciences.

**Supporting Young Scientists & Competition**
We are dedicated to fostering the next generation of researchers. Special sessions and workshops will provide a platform for young scientists to present their work and share their perspectives on groundbreaking 3R-related issues.

Rio de Janeiro, often called Rio, is a captivating city on Brazil’s southeastern coast. The city is known for its dramatic geography, lush mountains, golden beaches, picturesque coastline, stunning landscape, diverse culture, and iconic Carnival. Rio’s carnival, with its energetic samba dancers jiggling their hips, attracts thousands of tourists from around the world. The city also boasts famous beaches, the Christ the Redeemer statue, and a rich music scene.

It is a city of contrasts, where natural splendour, cultural richness, and societal challenges coexist. Its allure lies in its unique combination of these elements, making it a destination that continues to captivate and inspire visitors from all corners of the globe.

• According to recent estimates, Rio de Janeiro has a population of approximately 6.75 million people within the city itself, and around 13 million in the metropolitan area.

• Rio de Janeiro was officially founded on March 1, 1565, so the city is over 450 years old.

• Portuguese is primarily spoken in Rio de Janeiro as the official language. Additionally, there are some indigenous languages and immigrant languages in the city, but Portuguese is by far the most spoken language.
SPONSORSHIP OPPORTUNITIES

The WC13 congress presents exceptional opportunities for both commercial and non-commercial organizations to showcase their products and services.

We offer Diamond, Platinum, Gold, Silver and Bronze levels. In addition, you can also choose to be an Exhibitor, NonProfit / Start-up organizations package or Advertiser only. Individual Sponsor Opportunities are available as well. Sponsorships are a critical tool in your marketing efforts and an ideal way to ensure your sales and marketing messages are seen and heard.

The 13th World Congress on Alternatives and the Use of Animals in the Life Sciences will delve into the forefront of 3R (Replacement, Reduction, Refinement) research and development. With a multidisciplinary program focused on alternatives to animal testing in the life sciences, the congress is expected to draw over 800 attendees.
